

A SHUTTER SOLUTION

FOR ALL SHAPES & SIZES

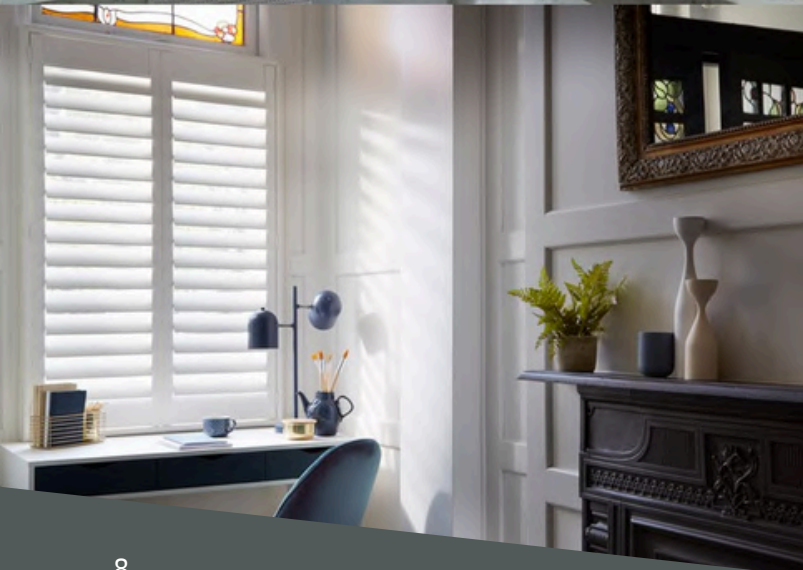

FULL HEIGHT

This type of shutter covers the whole window. Full height shutters can also have a divider rail or a louvre split, to operate the slats above and below independently and further control the light in your room.

TIER-ON-TIER

Two sets of panels, one on top of the other that open and operate independently of each other. They are extremely versatile and give excellent privacy and light control.

Motorisation

Operate your shutters effortlessly via voice control, smartphone app, or remote, making them perfect for hard-to-reach windows or tech enthusiasts. Integrated solar panels extend battery life for months, while anti-jam technology halts the motors if it detects an obstruction, ensuring safety for small hands or paws.

OUTDOOR

Shutters that are made of aluminium panels are specifically designed for exterior use. Perfect for Alfresco and outdoor deck areas.

SHAPED

Bespoke panels that fit shaped and awkward windows. This type of shutter is brilliant for making the most of original architecture.

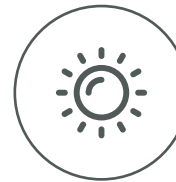

TRACKED

These shutters slide on a track in front of large windows or doors, giving easy access. They can be pulled right back to let the light stream in. They can be designed to Slide or Bi Fold.

WHY CHOOSE SHUTTERS?

LIGHT CONTROL

Shutters give you great light control within your home. Louvres can be adjusted to filter in as much light or as little light as you wish.

INSULATION

Not only do shutters reduce noise from the outside, they also act as a second layer over your window to help retain heat within your home, and save on the energy bills.

PRIVACY

Shutter louvres can be adjusted to ensure you can still filter the light without compromising your privacy.

CUSTOM DESIGN

All our shutters are made to measure, ensuring a perfect fit every time and making them completely bespoke to your property.

STYLE

On top of all the performance features, shutters are an elegant window covering that works timelessly with all styles and tastes.

SUNLUX DESIGNER RANGE

Poly Shutters – The Perfect Choice

Poly is the most popular material for window furnishings, offering the timeless look of timber with exceptional durability. Crafted from extruded resin, Fauxwood shutters perfectly mimic the appearance and feel of real wood, but with the added benefits of being resistant to warping, peeling, splitting, and shrinking.

Our Fauxwood Eco Shutter stands out with:

- VOC Compliance: Ensuring a healthier indoor environment.
- Termite-Proof Design: Built to last and resist pests.
- Highly Insulating Properties: Enhancing energy efficiency by regulating indoor temperatures.

Available in a variety of stunning finishes—or custom colors tailored to your décor—our Fauxwood shutters feature a scratch-resistant paint finish of superior quality that won't chip or peel.

Features and Benefits:

- Durable and long-lasting material.
- Stunning design options for every space.
- Superior insulation for comfort and energy savings.

Backed by a **20-Year Warranty**, these shutters provide lasting beauty, reliability, and peace of mind. Whether for living rooms, bedrooms, or children's bedrooms, Fauxwood shutters are the perfect addition to every room in your home.

THE COLLECTION

Shutters aren't just a brilliant window covering solution, they can also make a great feature piece within a room. Their combination of versatility with privacy allows shutters to suit all types of room, whilst looking just as good on the outside as they do from the inside.

SUNLUX POLY SHUTTERS

The SUNLUX Poly Shutter Range is the ultimate choice for homes, offering durability, style, and versatility for every space. Perfectly suited for moisture-prone areas like kitchens, bathrooms, and wet rooms, these shutters are designed to withstand the toughest environments while maintaining their stunning appearance.

Key Features:

- **Water-Resistant:** Exceptional resistance to moisture, making them ideal for high-humidity areas.
 - **Superior Strength:** Built to prevent warping, denting, and chipping for long-lasting performance.
 - **Elegant Matte Finish:** Adds a sophisticated touch to any room.
 - **Versatile Color Options:** Available in a range of shades to match your décor.
- Recommended For:
- **The Entire Home:** A practical and stylish solution for any room.
 - **Bathrooms, Kitchens, and Wet Rooms:** Exceptional performance in high-humidity spaces.
 - **Patio and Bi-Fold Doors:** Durable yet elegant, perfect for large openings.

Enhance Your Space with SUNLUX Poly Shutters

Combining robustness with elegance, SUNLUX Poly Shutters provide a lasting solution for every corner of your home. Their water resistance and superior strength ensure they perform beautifully in even the most challenging conditions.

Let us help you choose the perfect shutters for your home!

Timber Shutters

Add warmth and elegance to your home with our premium Timber Shutter Range. Crafted from high-quality materials, including Basswood, Paulownia, Western Red Cedar, and White Teak, these shutters offer a timeless, natural aesthetic that complements any interior. Their heat and acoustic insulation properties make them as functional as they are beautiful.

Why Choose Our Timber Shutters?

- **Superior Craftsmanship:** Unrivaled in quality and finish, these shutters are designed to last.
- **Customizable Finishes:** Choose from painted, stained, rustic, or oiled finishes—or opt for custom colors using RAL, Dulux, or Resene palettes.
- **Low VOC Water-Based Paints:** Safe for your home and the environment.
- **Tilt Options:** Supatilt, Clearview, Centre Tiltrod, or Offset Tiltrod configurations to suit your style.
- **Reinforced Mortice and Tenon Joints:** The world's most stable construction ensures durability.
- **Engineered Stiles:** Designed to resist warping or bowing for lasting performance.

CHOOSING A SHUTTER

THAT'S RIGHT FOR YOU

Our shutters are tailor made to your individual taste and requirements. Our expertise means we can create the perfect shutter for pretty much any shaped window we come across, be it large, small, contemporary or period.

LOUVRE SIZES

The size of your window will dictate the size of the louvres suitable for your shutters. The bigger your window, the bigger your louvres will need to be. Louvres come in 63mm, 89mm and 114mm slatwidths.

TILT OPTIONS

We have three options for you to filter the light. These are:

- **Central fixed tilt rod**
- **Offset fixed tilt rod**
- **Easy tilt – our completely hidden tilt system**

CUSTOM COLOUR SERVICE

We have an extensive colour palette across our shutter range. If you're looking for a bespoke colour, our custom colour matching service will be able to create shutters that match it perfectly.

An overview of Shutters

Shutters are a timeless and versatile window furnishing that brings style, functionality, and value to any home. They are designed to suit a wide range of interiors—from modern to traditional—and can be tailored to fit windows and doors of any shape or size. Shutters not only enhance the aesthetic appeal of your space but also offer practical benefits such as privacy, light control, and insulation.

Our shutter collection combines quality craftsmanship with a variety of finishes, materials, and customization options to meet your unique needs. Whether you're styling a living room, bedroom, or bathroom, shutters add a refined touch to your home's décor.

Your Guide to Choosing the Perfect Shutters

1. Material Options

- **Poly Shutters:** Durable and moisture-resistant, ideal for bathrooms, kitchens, and high-humidity areas. Mimics the look of timber while offering excellent insulation and termite resistance.
- **Timber Shutters:** Classic and elegant, perfect for traditional interiors or adding warmth to any space. Available in a variety of natural stains and painted finishes.

2. Styles and Configurations

- **Full Height:** Covers the entire window for a sleek, modern look.
- **Tier-on-Tier:** Independent panels allow versatile control over light and privacy.
- **Café Style:** Covers the lower half of the window, letting in natural light while maintaining privacy.

3. Customization Options

- **Color Palette:** Choose from a wide range of painted, stained, and custom colors to suit your décor.
- **Louver Sizes:** Select louver widths to match your preferred style and light control.
- **Special Shapes:** Fit shutters to arched, circular, triangular, or other unique windows for a seamless look.

4. Features and Benefits

- **Light and Privacy Control:** Easily adjust louvers to suit your needs.
- **Energy Efficiency:** Insulation properties help regulate indoor temperatures.
- **Durability:** Materials designed to resist wear and tear, including scratches, warping, and fading.

5. Warranty and Support

Our SUNLUX shutters are backed by a 20-Year Warranty, offering peace of mind and long-term value.
